[Stainless Steel Tube](#) | [Stainless Tube](#) | [Stainless Tubing](#) ...

Stainless steel tube is commonly used for structural applications and has more exact tolerances than stainless steel pipe. Tube is measured by its actual outside diameter (OD), which corresponds to a specified wall thickness. Tube products are generally more costly because of the tighter tolerances.

[3" Stainless Steel Tubing](#) | eBay

A new exhaust pipe, an art installation, central heating, industrial machinery: 3-inch stainless steel tubing has a diverse range of applications, and has the characteristics required to ensure a durable product.
