Are Power Banks Allowed on Planes ... - RAVPower Blog

The restrictions as per the Federal Aviation Administration are for lithium-ion batteries rated above 100 watt hours (Wh) per battery . Anything above that limit is restricted. While that limit allows most power banks to be brought on flights, there are still consumer power banks that exceed that limit.

Statistical Summary of Commercial Jet Airplane Accidents

International Civil Aviation Organization (ICAO) and National Transportation Safety Board (NTSB) definitions are included below for reference. Accident ICAO defines an accident as follows: An occurrence associated with the operation of an aircraft which takes place between the time any person boards the aircraft with
