When the state Department of Motor Vehicles first issued California license plates in 1913, they only required five numbers. The plates were red with white lettering. There were so many cars in the Golden State by the middle of the 20th century that when the 1951 California license plates were issued, they sported six numbers and a letter. Since 1982, California license plates have been white with blue and red markings, but so many motorists had a hankering for the California black license
