In this book, Parent puts together a history of representations of the 1944 mutiny in Senegal. Combining firsthand analysis of the works and their intertextual interactions as well an external perspective, Parent engages with history, literature, film, poetics, and politics and highlights the importance of remembering the past.

This broad-ranging text offers a comprehensive outline of how visual images, language and discourse work as 'systems of representation'. Combining examples with activities and selected readings it offers a unique resource for teachers and students in cultural studies and related fields as an introduction to this complex and central theme.

[Representation: Culture & Perception - Perception Institute](#)

Media, entertainment, and other forms of popular culture play a significant role in shaping our perceptions of others. For many of us, popular culture is the primary way we learn about people who are different from us. The problem, though, is that many representations are based on cultural stereotypes, which tend to marginalize and
