[25+ Totally Awesome Science Fair Project Ideas For Kids](#)

I've broken the following science fair projects for kids appropriate for primary students (K-2) and elementary students (3-5). Since I am a firm believer in kids taking the lead, the ideas for younger kids are simpler and easier to understand. The ideas for older kids tend to take more knowledge about the scientific process.

Elementary School Science Projects

Our elementary school projects are written and tested by scientists and are specifically created for use by students in the elementary school grades. Students can choose to follow the science experiment as written or put their own spin on the project.

Science Fair Projects for Elementary - Home Science Tools

Share: Science fairs aren't just for older kids! If you're an elementary student, you can learn a lot and have a great time doing your own project.

4th Grade Science Fair Project Ideas | Sciencing

Science fair projects for the fourth grade must be easy and interesting enough for 9 and 10-year old pupils to carry out, explain a key aspect of science and promote understanding of how science works. The best project ideas are general concepts that give enough guidance, so the pupil knows what to do, but leave the details open for them to work out themselves. Students can then develop a
