[Gender Equality and Inequality in Rural India - Blessed ...](#)

Gender Equality and Inequality in Rural India focuses on the extent to which economic development has resulted in positive changes in women's empowerment and reproductive health, as well as in sex preference. Based on a study from a village in Maharashtra where impressive gains in economic development have occurred in recent decades, Carol Vlassoff examines the impact of son preference on fertility and rural women's economic empowerment and other aspects of reproductive behavior. She
