The Universe as God Gestalt Reality

In this belief system the entire universe and everything within it, is divine ie God. God is NOT a separate entity. God IS everything literally. This is known as pantheism. The purpose of these religions was that through life's journeys and lessons you would become aware of the illusion of separation and come to know and understand your own divinity and experience mystical union with all God becomes the Universe - Wikipedia

The belief that God became the Universe is a theological doctrine that has been developed several times historically, and holds that the creator of the universe actually became the universe. Historically, for versions of this theory where God has ceased to exist or to act as a separate and conscious entity, some have used the term pandeism, which combines aspects of pantheism and deism, to Does the size of the universe prove God doesn't exist? Everitt focuses on how big the universe is, and argues this gives us reason to believe the God of classical Christianity doesn't exist. To explain why, we need a little theology.
