Form and function (1) | GRAMMARIANISM

'Form' and 'function' are two extremely important concepts that you need to know about to fully understand how grammar works. Surprisingly, there is no overt reference to these terms in the UK National Curriculum. 'Form' refers to the category labels we use for the building blocks of grammar, i.e. word classes, phrases, and clauses. Consider Grammar: Form And Function, Level 1 By Milada Broukal

Form and Function @ The Internet Grammar of English

We have used the word "form" quite often in the Internet Grammar. It was one of the criteria we used to distinguish between word classes -- we saw that the form or "shape" of a word is often a good clue to its word class.

The bigger question is why you would get that encoding in the first place. The country code should be just two alpha characters and looking at the above it doesn't seem like a newline would be introduced in the form, so my guess is that the new line actually exists in the database entry for Code and should be cleaned up.
