The Handbook of Creativity provides a comprehensive, definitive, and authoritative single-volume review of the entire field of creativity. Twenty-two chapters introduce the field and deal with methods in studying creativity, origins of creativity, the self and environment in creativity, special topics in creativity, and conclusions. Each of the essays are written to be accessible to all.

**Handbook of Creativity - Google Books**

The motivation underlying our development of a "handbook" of creativity was different from what usually is described by editors of other such volumes. Our sense that a handbook was needed sprang not from a deluge of highly erudite studies calling out for organization, nor did it stem from a belief that the field had become so fully articulated.
