How to Draw a Free Body Diagram: 10 Steps (with Pictures)

To draw a free body diagram, start by sketching a simple representation of the body you want to make the diagram of, like a square to represent a box. Next, draw arrows on the shape that show the forces acting on the object. For example, draw a downward arrow to signify the weight of the object, since gravity pulls the object down. Then, draw lines for the other forces, such as a sideways.
