This book investigates critical urban issues related to socio-spatial segregation, housing, daily travel, mobility of the elderly, etc. from the perspective of wellbeing. This is a collection of the latest research works by frontline researchers working in the fields of geography, urban
Mobility, Sociability and Well-being of Urban Living
Mobility, sociability, and well-being are the three keywords sketching out the story line of this edited volume. The increased and diversified mobilities of urbanites, resulted from, among others, globalization and the evolutionary embedment of information and communication technology in everyday life, have redefined the contour of social science studies. Mobility is considered central to
