Politics of France - Wikipedia

When the President's political party or supporters control parliament, the President is the dominant player in executive action, choosing whomever he wishes for the government, and having it follow his political agenda (parliamentary disagreements do occur, though, even within the same party).

Parliamentary system - Wikipedia

A parliamentary system or parliamentary democracy is a system of democratic governance of a state where the executive derives its democratic legitimacy from its ability to command the confidence of the legislature, typically a parliament, and is also held accountable to that parliament.

The Swedish system of government - sweden.se

All public power proceeds from the people. This is the foundation of the Swedish system of government. Everyone has the same rights and is free to scrutinise how politicians and public agencies exercise their power. In Sweden, general elections are held every four years. Around 7 million people are
