It's time to replace rotors and disc on my car and I was curios if the pricing is ok average. It's about 106\$ for front pads and rotors and 72\$ for the rear pads and rotors. It's a 2006 Hyundai Tucson the car btw.

[Complete Brake Pads & Rotors Cost Guide - Axle Advisor](#)

I just paid \$1100 to Tire Plus to change all 4 brake pads, 4 rotors, and jamed rear calipers with brake fluid flush for 07 Quest. Price seemed high to me but I needed them ASAP. Price seemed high to me but I needed them ASAP.

[How much should it cost to replace front break pads and ...](#)

i recently got an oil change at a mienekes and the mechanic told me i needed new front break pads and rotors

because the breaks where down to 7%. he gave me an invoice showing what it would cost to get new pads and rotors and the labor, and it would cost around \$400. cant remember the exact price since i dont have the invoice infront of me.

### **What is the average cost to replace brakes and rotors? - Quora**

The average cost of a set of brake pads is \$25-75. Where rotors are \$75-150 a piece. However that's the cost of parts. If you have a shop replace them expect \$250-\$500 depending on what all they do, and how much the mark up their prices.

### **How to Change The Brake Pads in Your Car (with Pictures ...**

Before you change the brake pads in your car, make sure it has had time to cool down so the brakes aren't hot. Then, remove the wheel and the caliper to reveal the brake pads. Snap off the old brake pads and insert the new ones in the same position. If you want, you can spread anti-seize lubricant on the metal contact edges and on the back of the pads to prevent squeaking. Just don't put lubricant inside the brakes or they won't work.

### **Here's How To Change Your Car's Brakes All By Yourself**

How Much Does It Cost To Change My Brakes? A typical brake pad job on a regular commuter/non-performance car costs around \$50-\$80 for all four sets of pads, and about \$150-\$200 for a set of pads.

### **Brake Fluid Flush Cost Guide - Auto Service Costs**

A brake fluid flush is similar to an oil change in that it gets rid of a lot of the contaminants that can clog up your fluid and hinder the way your vehicle's components work. A brake fluid change costs between \$73 and \$104 for the majority of vehicles.

### **GMC Sierra 1500 Brake Rotors/Disks Replacement Costs ...**

A brake rotor is a smooth metal disc attached to the wheel hub. Most new cars (1999 and above) come with rotors at each wheel. Older cars may have drums instead of rotors at the rear wheels. Brake rotors play an important part in the braking system. It is the friction between brake pads and rotors that cause your car to slow down and stop. As the rotors wear out (become thin or warped), they

### **How much should it cost to replace front break pads and ...**

BTW, you don't have to do all 4, and you don't have to do a brake fluid change either. So for only the front, you're looking at ~\$130 for rotors/pads, and ~\$55 for labor (about

1.5 hours), so \$185 altogether.
