Modernist literature was influenced by these new scientific languages, and was itself important in the formation of the modern, psychological subject. Each of these discourses reveal compelling questions about the experience of distress, and how distress is formed or transformed by language. Presenting detailed readings of both canonical modernists including Virginia Woolf, and lesser known Psychoanalysis, Psychiatry and Modernist Literature vii Acknowledgements This book is a revision of my PhD thesis, completed in the Department of Gender Studies at the University of Sydney.
