US9225687B2 - Access control mechanism for a secure ...

A method for protecting a security module equipping a telecommunication device equipped with a near-field communication router, against an attempt of diversion of a communication channel between a gate of this security module and a gate of the router, wherein, for each request from the router to the security module, the module verifies the

Synchronous rectifier smart driver for LLC resonant converters

The SRK2000A smart driver implements a control scheme specific to secondary side synchronous rectification in LLC resonant converters that use a transformer with center tap secondary winding for full wave rectification. It provides two high current gate drive outputs, each capable of driving one or more N-channel Power MOSFETs. Each gate driver is controlled separately and an interlocking

Smart Battery Data Specification - sbs-forum.org

The Smart Battery Specification presents an ideal solution for many of the issues related to batteries used in portable electronic equipment such as laptop computer systems, cellular telephones or video cameras.
