In this economy, the knowledge of its workforce is the greatest value a company has. And with today's ever-changing technologies, employees need to constantly stay on top of the latest information and skills.

THE KNOWLEDGE ECONOMY - Harvard University

the knowledge economy is not altogether clear, and just how different these work arrangements are from older ones is the subject of much debate (Kochan & Barley 1999). A third strand of work is much more narrow and managerial in orientation, focusing on the role of learning and continuous innovation inside firms (Drucker 1993, Nonaka & Takeuchi 1995, Prusak 1997). Some organizations appear to

India : India and the Knowledge Economy, Leveraging ...
