The New Managerialism and Public Service Professionals is a fresh and insightful analysis of the changes that have taken place in the UK public sector over the past twenty years. Unlike many other recent accounts it is not assumed that these policy goals were always implemented or that new approaches to the management of services are necessarily effective. Drawing on an extensive review of major published research it considers developments in three areas: the National Health Service, social care, and housing. The New Managerialism and Public Sector Management

Specifically, I want to explore how managerialism was applied to and transformed public organizations and professions through the implementation of what is referred to as new public management (NPM). First, I turn here to the introduction of NPM and how it sought to bring the managerialism of the business world into the management of the public sector. Next, I examine some of the

Managerialism and the Public Services: Cuts Or Cultural ...

Managerialism and the Public Services shows how, during the 1980s, a new orthodoxy was imposed on many American and British public services. In health care, education and the civil/federal service 'new right' governments attempted to rebuild the welfare state according to their own organizational and political principles.

Managerialism - Wikipedia

Following Enteman's 1993 classic on Managerialism: The Emergence of a New Ideology, American management experts Robert Locke and J.C. Spender see managerialism as an expression of a special group management that entrenches itself ruthlessly and systemically in an

organization.
