Basically the difference between a visual business plan and a written plan is the use of a more fluid format along with different types of lively papers, colorful post-it notes, and/or brilliant markers. You can put these on your wall or keep them on a bulletin board where you can refer to them quickly and often to keep on track as to your goals and where you're headed. There are basically no [The Right Brain Business Plan: A Creative, Visual Map for ...](#)
